# Welcome to Fieldnote

Your first 30 days

## Find the shape of the work

- Meet your guide, sit beside two teams
- Join two live client calls — listening only
- Map how the work actually moves

## Make something real

- Own one small deliverable end to end
- Pair with craft on the parts you find hard
- Request early critique at 40%, not 90%

## Give something back

- Present a point of view to the studio
- Improve one studio ritual you found clumsy
- Set your 90-day focus with your guide

*You are not expected to know the answers.  
You are expected to **make the questions better.***

YOUR BUDDY

## Q4 FOCUS

### Cut median time-to-value from 19 to 12 days

# More useful journeys, not simply more service.

FOUR PILLARS • ONE NETWORK PLAN • 2027 HORIZON

PILLAR 01

## Frequent

10-minute service within reach of 72% of residents, all day.

PILLAR 02

## Connected

One timed network across bus, rail and ferry — transfers that hold.

PILLAR 03

## Legible

Simplify 214 route variants to 138 so the map explains itself.

PILLAR 04

## Resilient

Electrify three depots, shade heat-exposed corridors.

NORTH-STAR  
MEASURES

86%

of journeys completed on time,  
end to end

74

public-transport trips per  
resident each year

42% lower

operational emissions against  
2024 baseline

# Horizon Mobile Renewal

Twenty weeks from evidence to controlled launch.

AGREEMENTS SIGNED BY JUNE 2028

Complete the corridor

# Anatomy of a Typeface

The lowercase “a” is a system in miniature.

X-HEIGHT

BASELINE

## COMPARE · THREE CLASSIFICATIONS

### Humanist

a

Wider aperture, modulated stroke, a written hand still visible in the curve.

### Geometric

a

Circular bowl, near-even stroke, built from compass and rule.

### Neo-grotesk

a

Compact aperture, neutral rhythm, engineered to disappear.

## TEACHING NOTE

Classification is useful only when it helps you **predict behaviour.**
